Please submit the following with this Enrolment Admissions Form.

- Reports confirming:
 - i. The child's disability in line with the designation for the ASD Special Class
 - ii. The child's complex or severe learning need that require the support of a special class setting and the reasons why this setting is the most appropriate
 - iii. Diagnosis of ASD according to DSM IV/V or ICD 10
 - iv. Any reports from a multi-disciplinary team or any part thereof
- Reports should support the key considerations of:
 - i. **Diagnosis** – child must have professional reports as outlined in point (i)& (iii)above
 - ii. **Integration** – child must be capable of integrating into the mainstream, at an age appropriate level and from a health and safety point of view (where challenging behaviours can occur)
 - iii. **Appropriateness of the placement** – child must be able to access the primary school curriculum. Where a general learning disability also presents, it must fall within the “mild GLD” range to ensure the child can access the primary school curriculum when integrating into mainstream classes
- Reports must state that consideration could be given to placement in an ASD special class in a mainstream school. Reports should differentiate between a special class setting and special school setting to ensure the needs of the child are accurately met.
- Consideration for special class enrolment will not be provided where reports state special school provision is most suitable to meet the child's learning needs
